

Peters Brook Residential Rain Barrel Rebate Program

Nick Zemlachenko
Assistant Watershed Protection Specialist
New Jersey Water Supply Authority

Program Basics

- * Residents of Somerville, Bridgewater and Raritan Boro eligible for rebate
- * Rain barrels provide financial and economic advantages, rebates provide incentive to participate
- * Reduce volume of runoff and accumulated pollutants from impervious surfaces, particularly roof tops, entering the watershed during storm events
- * Effective in urbanized areas, such as the Peters Brook watershed

Impact on the Watershed
