

MICHAEL KOLBER

BUREAU OF CLIMATE RESILIENCE PLANNING
DEPARTMENT OF ENVIRONMENTAL PROTECTION

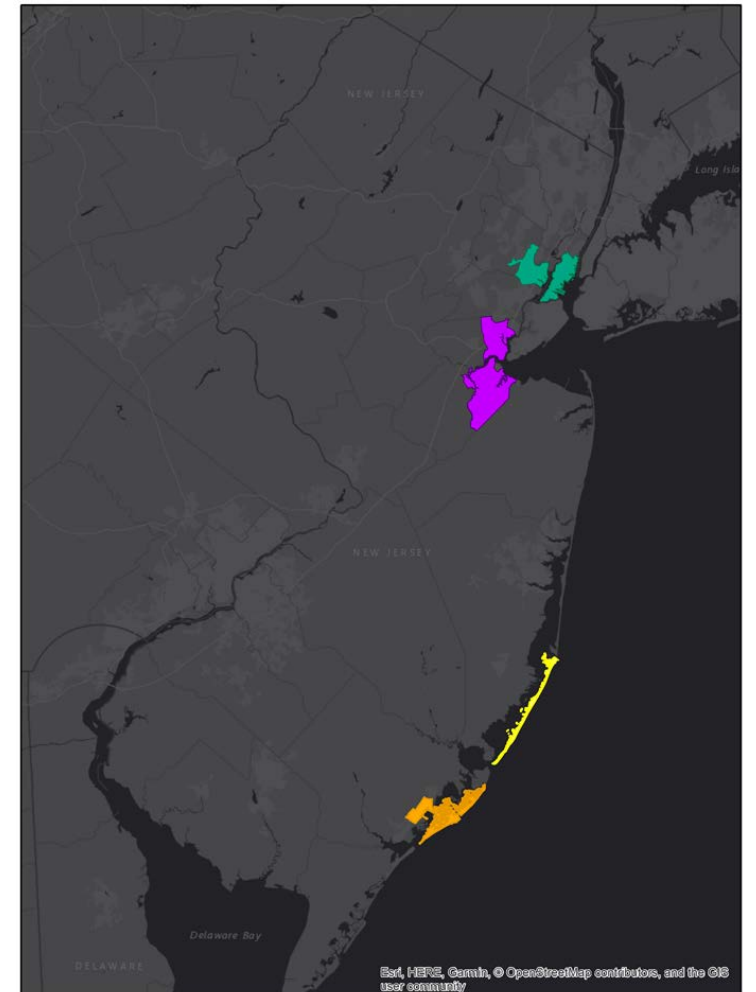

WHY PLAN REGIONALLY?

- Municipalities share the same coastline
- Municipalities share watersheds – it all flows downhill
- Shared utilities and infrastructure
- Shared services
- Lots of other potential for shared resources and ideas

REGIONAL TEAMS

- Jersey City Team – Jersey City, Newark, Hoboken, Bayonne, the HOPES Community Action Partnership and the Ironbound Community Corporation
- Middlesex County Team – Middlesex County Office of Planning, Old Bridge, Perth Amboy, Sayreville, South River, Woodbridge and the Lower Raritan Watershed Partnership
- Long Beach Island Team – Long Beach Township, Barnegat Light, Beach Haven, Harvey Cedars, Ship Bottom, Surf City and the Long Beach Island Community Center
- Ventnor Team – Brigantine, Atlantic City, Ventnor, Margate, Longport, Northfield, Pleasantville, Atlantic County and the American Red Cross

STEPS IN RESILIENCE PLANNING PROJECTS

- Develop an initial vision
- Asset identification – what matters to the community?
- Risk assessment – understand what is vulnerable
- Scenario development – Identify potential actions and understand how they interact with each other
- Scenario evaluation – What are the benefits and pitfalls of each potential scenario?
- Develop an action plan – not only what you want to do, but also how you are going to do it
- Implementation
- Community participation is critical at every stage of this process!

RESILIENT NJ TIMELINE
